Pack 212 Triumphs in Cub Olympics

Under the leadership of Leon Mandly, cub master, Morris Duncan, den leader, and Rhoda Phillips, den leader, nine boys of Pack 212 sponsored by Stanley P.T.A. walked away with 16 gold medals in District 2's Cub Olympics. This is the first time a Hilltop group of cub scouts has won this event.

Five gold medals were won by Brian Wright, seven varied medals were won by Andrew Phillips who broke two records. The javelin, running and long jump. In all a total of 25 medals were won by the boys. First place winners will compete in the big council Olympics at Sprinker Park Sept. 7, 1974 at 8:00 a.m. Relay race runners were Dale Mandley, Morris Duncan, Jessie Stewart and Andrew Phillips. Come out on the 7th and root for the district and Pack 212, the Hilltop Cubs. Many thanks to the parents who encouraged their boys to do their best. Participants: Morris Duncan, Brian Wright, Jesse Stewart, Andrew Phillips, Dale Mandley, Meedon and Marvin Holmes, Williams Brendenburg, and Rene Heart.

NOTICE

THE FACTS NEWSPAPER's office will be closed Monday, September 2, in observance of Labor Day. News can still be inserted through the mail slot in the door, however. Have a pleasant holiday weekend.

Notice

Due to ever-spiraling production costs, and the costs of paper and marterial, THE FACTS Newspaper is being forced to increase the rates for all advertising by 10%, effective immediately. THE FACTS still has the lowest advertising rates in the city, and this increase will not be reflected in the newsstand.

Support For Community Newspaper

Bob White, President of the Citizens Political Interest Club is asking for support from the voters. As you know its almost time for our '74 Primary Election.

We have had approximately 15 politicians in the community seeking your support again; some of which were there last election making statements and promises. As you know, politicians have short memories once the election is over.

The history of the politician is to promise now and do nothing later. That is the attitude of a great number of the fast talking politician; but there is one thing that we are demanding now and that is the support for our community news media.

We are asking the voters to support the candidate of your choice which support our community news media. If you don't see them in our community news media then you know that they don't want our support. We must support the people who support us and our best support is black economics. When one of the candidates ask for your support ask for his; by supporting black businesses you are supporting black people.

When 65% of the black registered voters and other minorities read and support our papers we can demand that the politician listens to what we have to say.

The average election is won by less that 5,000 votes and I think we have that many votes. We are asking for all churches and social groups to support us in this effort.

Mr. Robert White, President of the Citizens Political club will be dissolving itself to become part of the Pierce County Black Political Caucus.

The C. P. I. C. has at the present time 116 members. The C. P. I. C. was formed in 1969 to encourage a greater participation in the electoral process for blacks and other minorities; since that time the C. P. I. C. has been active in all local, state and national elections since 1969.

The Pierce County Black Political Caucus will primarily be the same type of organization. We hope to be completely organized by September 15, 1974. We are expecting national participation in the organizing stage. We are asking all interested people who want to become a member should contact Robert White, 272-8326.

Black Forum News

The Chairperson for the August 23, 1974 Forum meeting was Oscar Morris. This week was highlighted by Mr. Tom Saurial, a Tacoma attorney who is a candidate for Superior Court Judge position #7.

After his presentation, he was questioned by Forum members as to his concerns for the Black Community; his knowledge on affirmative action i.e. handling of class action suits should they come before him; his stand on deffered sentencing for first offenders; and a community correction and rehabilitation program as opposed to the present penal system.

City Councilman Harold Moss was present and brought the Forum up to date on City affairs affecting the Black Community.

Metropolitan Parks Commissioner, Fletcher Jenkins gave a brief talk to Black Forum members thanking them for their previous support and reconfirming Councilman Moss' comments on the importance of approach problems realistically.

We were pleased to have such a good turn out. If you missed the last meeting, come and share Friday. Listen and learn. Don't wait until there is a crisis. Become aware every Friday, 5:30 p.m. in the Esquire Conference Room.

September Task Forces Changed

Health Fair Coming

Because of the Labor Day holiday, the Model Cities Task Forces will be moved back a week.

The individual task forces will meet on Sept. 9 at McCarver School. The Land Use Review Board, Housing-Manpower Task Forces will meet at 7 p.m. and the Youth-Education-Culture and Recreation and the Health-Social Services-Law and Justice Task Forces will meet at 7:30 p.m.

The Combined Task Force will meet Sept. 23 at 7:30 p.m. at McCarver School. The Land Use Review Board will meet at 7 p.m.

Anyone interested in working to solve problems in the Hilltop Community is welcome to attend the task forces.

Something To Think About

by Barbara Henderson, age 14

"School may not start"

I'm sure that you know school may not start if the teachers go on strike. I bet some students are rejoicing over this news but school is a big part of peoples' lives. If this happens what are the students going to do? A majority of the students are really looking forward to going back to school. Most of them are anticipating sport activities and getting scholarships. If school doesn't start soon that would delay preparation. Now the teachers want to go on strike, but I can understand their needing more money. I mean, teachers are human too. The cost of living is going up, so their wages should increase also. They have to eat like everyone else. But while they are helping themselves, they are hurting others - like the students. Unfortunately, those in high school are going to get the worst of it. If the teachers want to help the students they should call the strike off and just be thankful for what they have. What do you think??

Group Home Needs Houseparents

The Model Cities Group Home is looking for a couple and some relief staff to work as houseparents in their new group home for teenage boys.

The responsibilities of the job include maintaining the home, preparing meals, budgeting, and supervising the young men in these tasks. Applicants must be mature and have rapport with persons from different ethnic and socio-economic backgrounds.

For more information call 272-8133 or send your resume to Pierce County Homes for Youth, 1116 N. J St., Tacoma, Wash. 98403.

Thank You 'Tact'

The following letter was received recently by the Tacoma Area Child Tutoring program:

Mr. Gatewood and tutors,

Thank you very much for working with Tim.

You may not have seen great leaps and bounds in academic progress but I have seen Tim go a whole summer without having to resort to medication. For this I am very happy. Tim seems very relaxed and happy too.

Thank you again for putting up with Tim and enjoying him as the occasion arose.

Tim leaves for camp next week. Then it will be school. So he has had a very busy summer.

Keep up the good work.

Tacoma Citizens Affirmative Action Committee is Taking Care of Busines

Lawanna Lee

Saturday, August 16, Tacoma Citizens Affirmative Action Committee (CAAC) hosted, Thurmon Edmondson, Acting Director of the State Human Rights Commission.

During the meeting, Mr. Edmondson discussed the workability of the present law; the limited budget and how it affects the program; the present involvement and emphasis of the commission; the important techniques that citizens can utilize to insure a more adequate budget; the importance for a public education program; and how community organizations can provide input into the operations and administration of the Agency.

The guest for the August 24 meeting was Patricia Stuart from HEW. Her presentation was with regard to Title IX. She called upon the group to review the proposal legislation and advised the group to write into Washington D.C. regarding acceptance of the proposal; and/or any changes the group deemed necessary. CAAC is a group of concerned citizens. This group is committed to equal employment opportunity for minorities and women.

We welcome you to become a part of our group. All you have to do is attend the meetings every Saturday morning at 10:00 a.m., 2101 South J. The Black Businessmens Association.

Notice

THE FACTS NEWSPAPERS are feeling the pressure of the inflation crunch. The cost of newsprint has soared drastically, nearly doubling in just a year's time. Consequently our production costs have doubled. We intend to hang on in there, bringing you the news of our community every week, but there will have to be a few changes: we may have to cut down the length of the news articles and there is the possibility that we may not be able to continue our format of colored newsprint. Like the rest of Americans, we look forward to the time when rampant inflation is brought under control.

"Students here at PLU have the opportunity to interact with their instructors and fellow students both inside and outside the classroom."

A senior at Pacific Lutheran University this fall Olivia has enthusiastically immersed herself, not only in her studies, but in both on-campus and off-campus projects.

A Communication Arts major at PLU, she is also practicing her future profession and performing a vital community service as communications specialist for the Tacoma Urban League.

On campus, she has served as chairman of the BANTU (Black Alliance Through Unity) scholarship fund committee. She has also served as a student counselor in the Learning Skills Center and Minority Affairs Office.

Not all students would wish such a broad range of involvement, but for those who do, opportunities are available at PLU.

If you would like to find out more about the personalized educational opportunities at PLU, call the PLU Admissions Office. Ask for Phil Miner. 531-6900 ext. 227.

Registration is underway now for fall classes beginning Sept. 12.

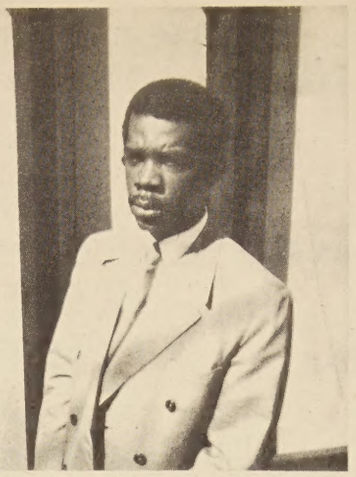
DEGREE PRESENTED



Elton Gatewood of 1921 So. 19th was presented his Master of Arts Degree in Education Administration with a background in Education Psychology from PLU at their Commencement Exercise Aug. 16th. Mr. Gatewood, a native of Memphis, Tenn. came to Tacoma in 1964. After completing Kentucky State University in Frankfort, Ky. After arriving in Tacoma, he substituted in Tacoma School Dist. # 10 from Sept. to Dec. 1964, until finding permanent employment with the State of Wash. at Rainier School for the mentally retarded in Buckley, Wash. until April 1965 as a Recreation Leader. He served in the Armed Forces from April 1965 to July 1967 and served with the Young Tiger Theatre in Southeast Asia. Upon his return to the U.S. in 1967 he resumed his employment with the State of Wash. as Recreation Leader and Consultant at Rainier School for the Retarded until June 1974. During the last several years he has been responsible for developing, coordinating, planning and carrying out recreation activities for all levels of mentally retarded people. He has written a book which is being edited for publication in Spring of 1975, entitled "Physical Education and Recreation for the Mentally Retarded and Handicapped Child".

ENVIRONMENTAL HEALTH PICKING UP TRAS

The Environmental Health project has completed spraying vegitation in the Model Neighborhood and will concentrate on picking up trash during the next few weeks.

Clearing yards and vacant lots of debris is critical in controlling the rat population in the Model Neighborhood. Piles of trash give the rats a place to live and breed. The project had reduced the rat population to the lowest level in the city last summer.

If you have some trash you would like removed call 593-4767. The trash should be in bundles and placed near the curb unless other arrangements are made with the project director.

Fashion Forecasts

Family Fashions by Avon, a wholly owned subsidiary of Avon Products, Inc., the cosmetics company, started last year, and by Fall, 1974 will be totally national. According to Jackie Krygar, anyone interested in getting on the mailing list may write to: Family Fashions by Avon, Avon Lane, Hampton, Virginia. From 6 to 10 mailings will be sent out yearly to customers.

"Our men's and women's apparel has to be of the highest quality," said Jackie, "to reflect the nationally known standards of our parent company. We stand behind our commitment to

high quality by extending an unconditional 10 day free trial period to our customers during which they may examine what was ordered at home. Should they be dissatisfied for any reason, they may return the clothes under our guarantee for a full refund.

Build Your Future BUY A HOME

The Department of Housing and Urban Developement has many fine acquired homes throughout the Tacoma area, and all over Western Washington. Some are nearly new. All are in good condition. All are reasonably priced, with low downpayment.

As a homebuyer, you will realize several advantages: the interest you pay is wholly, wholly income-tax deductable; you will soon build an equity into the value of your home...making your net worth grow; your home is your castle...yours to live in, in your own individual style.

HUD doesn't sell houses, so please don't call HUD for details. All sales are made through professional Real Estate brokers. Almost all licensed Real Estate brokers have complete lists of homes available. They will be glad to help you find the home suitable for you, and to answer all your questions. Call one today. Ask him about HUD availabilities.

Dear Tac Vac

by Ted Jefferson

Q--If a service-disabled veteran needs medical care and goes to a private hospital will the VA pay for such treatment?

A--Normally, any medical care obtained by a veteran from private sources for which VA is requested to pay must be authorized by VA before the care is rendered. However, there may be circumstances when such prior approval cannot be obtained. Therefore, the VA may pay for such private medical care but only if all the following conditions are met: (1) the medical care was provided for a service-connected disability (or a non-service connected aggravating a service-connected disability): (2) it was an emergency case and delay would have been hazardous to life or health, and (3) VA or other federal medical facilities were not feasibly available.

Q--I went to school under the GI Bill from September 1956 to February 1957, before deciding to make the Army a career. Will that period of time be deducted from my current VA allowance and number of months remaining? I was retired in 1973 after 21 years of service?

A--A veteran eligible under two or more laws for VA-sponsored dducation is allowed an aggregate of 48 months. Since you used about six months under the Korea GI Bill, you are eligible for the 36 month maximum under the current law.

Tee & Turf Golf Association

by Cliff Dabney

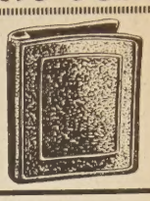
Our club outing last Sat. at the subtle and serene High Ceders Golf Course was one of the best ventures of the season and a pleasurable time was enjoyed by all eighteen golfers who made the trip to beautiful Puyallup Valley course. Scores Saturday reflected the feeling for the course. Our new member (a ringer) Wade posted the best round of the day, a steady 38-39-(77) and walked away with low gross. Yours truly (Cliff) came in with a 37-42-(79) for second best, other scores were: Saul - 80, Drummond - 83, Snapp - 84, Horne - 87, Harris - 89, Woodrull - 90, Henry - 93, Stark - 93, Slater - 94, Douglas - 96, Burlison - 98, Carrington - 100, Wendler - 100, Giles - 88, Jenkins - 104, and Richardson - 121. Hey are you getting ready for our fall classic this weekend at Brookdale Golf Course? There will be lots of prizes to win and remember you can bring a guest to play, ($10.00). The committee has all sorts of fun prizes to win so everybody is a potential winner. Hats off to all the club members because they said it couldn't be done in Tacoma, but we did it and still growing. We have one of the best clubs in the Northwest and only started. I heard some more talk about a trip to Canada for Sept. There is a rumor that Mr. "FACTS" (Beaver) has posted his entry in our fall classic, he is probably checking us out before making a team challenge. What happened to all the ladies? I know they haven't gone back to housework already. Remember members, that lessons are available for the asking, let your Pres. know if you would like a session.

Good luck to all in the upcoming classic. Saturday prize winners: low gross - Wade, 77; low net - Cliff Dabney, 69; low putts - Saul Arrinston, 29.

THE FACTS SPORTS SCENE

Sports Record Book

by Brian Jaybush



Wrath of the Gods?

This past weekend was a great one for football fans in Los Angeles. Not only did their LA Aztecs of the North American Soccer League win the championship of their sport on Sunday, but the day before the LA Rams knocked off the defending champions of the National Football League by the impressive score of 31-13. (I say football fans, by the way, because what we call soccer is what the rest of the world calls football.)

Those events made LA sports fams happy, quite naturally. On the other side of the continent, though, there was another city that was not so happy about the weekend's events; and as they sat back to lick their wounds, they wondered what they had done to anger the gods.

What city? Maybe the full scores of those two games will make it clearer:

LA Aztecs 4, Miami Toros 3

LA Rams 31, Miami Dolphins 13

Notice a pattern? Los Angeles wins--Miami loses. That hasn't happened often lately (Miami losing, that is), and thus this past weekend was somewhat of a disaster for the Florida town.

It's a disaster Miamians hope isn't a preview of things to come; and yet the manner in which the double whammy was laid on them bodes evilly for long-term prosperity. Take the soccer game, for instance. Miami scored first, and actually dominated play for most of the game. But Los Angeles got one goal on a rather questionable penalty, and then managed to tie the game with an unbelievable goal just four minutes before the final gun.

The game ended in a tie, meaning the NASL's rediculous tie-breaking system had to be put to use. Neither LA or Miami had lost a tie-breaker series this year, with the Aztecs winning two and the Toros six by that route.

Seven didn't work for Miami. The Aztecs took the NASL crown.

And how about the Dolphins? Two years ago they were invincible, winning 17 straight games in the 1972 season and storming to the championship as the first undefeated team since the 1940's. Last year they lost only two games, and again won the Super Bowl--the first team to do that twice in a row since Green Bay in the early 1960's. So what happened?

How about the defection of top Miami workhorses Jim Kiick, Larry Czonka and Paul Warfield to the new World Football League? Sure, they have one more year to play with Miami before they can leave (and Las Vegas oddsmaker Jimmy "The Greek" Snyder says the WFL deal will fall through anyway). But still, the knowledge that the Terrible Trio MAY leave has GOT to upset the Dolphins.

And the whole thing has GOT to upset Miami sports fans. After all, once you get used to winning, it's hard to stomach losing.

Taking revenge gets you even with an enemy; shunning revenge shows your superiority.

Medical Van Transferred

In recent action of the Executive Committee of the Metropolitan Development Council, authorization was given for transfer of ownership of the MDC Dental Van to the Tacoma-Pierce County Health Department for the purpose of continuing the operation of a preventive dental program for children of the low-income community.

The Dental Van project was intitiated by MDC in March of 1972. Using OEO funds and local resources, MDC purchased a van and equipped the vehicle with a mobile preventive dentistry unit. In its first six months of operation, a total of 2,753 children were seen in neighborhood clinics and schools. Of those children, 901 were referred to a group of 28 dentists who, at the time, agreed to provide treatment at no cost.

Another service provided by the dental van project was instruction to the children and their parents in preventive dental techniques. The van was also made convertible so it could be used to transport low-income clients to medical and dental appointments.

Plans for the dental van under the health department, according to Dave Fiorino, coordinator, include taking it primarily to the county schools to serve children in the first, second and third grades. The department plans to work in cooperation with students in the dental assistant program at Bates Vocational School. It will also be used for community education and will respond to calls already received by the department from Senior Centers.
